### What are the risks of investing?

Risk indicator for the New Zealand Property Fund<sup>1</sup>:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://www.sorted.org.nz/guides/kiwisaver-which-fund-suits>

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years ended 30 September 2022<sup>1</sup>. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

## How has the fund performed?

## What fees are investors charged?

Investors in the New Zealand Property Fund are charged fund charges. For the year to 31 March 2023, these are expected to be:

	% of net asset value
<b>Total Fund charges</b>	1.10%
Which are made up of:	
<b>Total Management and administration charges</b>	<b>1.10%</b>
<b>Including:</b>	
Manager's basic fee	1.10%
Other Management and administration fees	0.00%
<b>Total performance based fees</b>	0.00%
<b>Other charges</b>	Dollar amount per investor
<b>Administration Fee</b>	\$30 per year

All fund charges are exclusive of GST.

Investors are not charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds).

## Example of how this applies to an investor

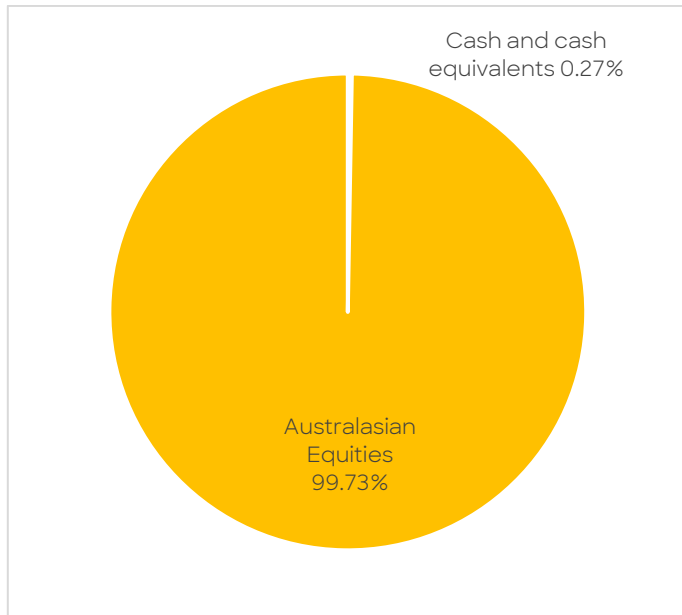

Small differences in fees and charges can have a big impact on your investment over the long term.

Lily had \$10,000 in the fund at its inception (23<sup>rd</sup> May 2022) and did not make any further contributions. At the end of the period (30<sup>th</sup> September 2022), Lily incurred a loss after fund charges were deducted of \$570. (That is (5.70% of her initial \$10,000). Lily also paid \$30 in administration charges. This gives Lily a total loss after tax and charges of \$600 for the period.

## Notes

1. As the fund started on 23 May 2022, actual returns for the fund are not available until then. To calculate the risk indicator for the five-year period ending 30 September 2022, market index returns have been used up to 23 May 2022, with actual fund returns used for the balance of the period. As a result of those market returns, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund.
